EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

In the specification:

- Page 1, after the title of the invention, but before the heading "1. Field of the Invention" insert the following new heading and paragraph:

Cross Reference to Related Application

This application is a division of U.S. patent application serial number 09/034,410, filed March 4, 1998, now abandoned.

- Page 7, line 27, delete "with" and insert --within--.

Explanation for Examiner's Amendment

3. The specification has been amended to update the status of the parent application, and to insert a change which was not entered with the amendment filed on 14 April 2003.

Drawings

4. The proposed drawing correction adding new figure 5 filed 14 April 2003 has been approved. A formal drawing of figure 5 is now required to be filed in the manner set forth below.

INFORMATION ON HOW TO EFFECT DRAWING CHANGES

Replacement Drawing Sheets

Drawing changes must be made by presenting replacement sheets which incorporate the desired changes and which comply with 37 CFR 1.84. An explanation of the changes made must be presented either in the drawing amendments section, or remarks, section of the amendment paper. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). A replacement sheet must include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of the amended drawing(s) must not be labeled as "amended." If the changes to the drawing figure(s) are not accepted by the examiner, applicant will be notified of any required corrective action in the next Office action. No further drawing submission will be required, unless applicant is notified.

Identifying indicia, if provided, should include the title of the invention, inventor's name, and application number, or docket number (if any) if an application number has not been assigned to the application. If this information is provided, it must be placed on the front of each sheet and within the top margin.

Annotated Drawing Sheets

A marked-up copy of any amended drawing figure, including annotations indicating the changes made, may be submitted or required by the examiner. The annotated drawing sheet(s) must be clearly labeled as "Annotated Sheet" and must be presented in the amendment or remarks section that explains the change(s) to the drawings.

Timing of Corrections

Applicant is required to submit acceptable corrected drawings within the time period set in the Office action. See 37 CFR 1.85(a). Failure to take corrective action within the set period will result in ABANDONMENT of the application.

If corrected drawings are required in a Notice of Allowability (PTOL-37), the new drawings MUST be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of Allowability." Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136 for filing the corrected drawings after the mailing of a Notice of Allowability.

Reasons for Allowance

5. The following is an examiner's statement of reasons for allowance.

As indicated by the decision of the BPAI the subject matter of claims 21-23 and 25-33 is not deemed obvious in view of the combination of applicant's admitted prior art concerning Nishmoto (US 5,446,549), and the patents Gill (US 3,919,033) and Oberle (US 4,469,742).

Furthermore, a review of the prior art reveals that the subject matter of claims 21-23 and 25-33 is not anticipate or obvious for the same reasoning as found in the BPAI decision at the paragraph bridging pages 5 and 6.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
